Susan Duncan, RN, Named STRMC Patient Choice Award Winner

Jourdanton, TX – When South Texas Regional Medical Center (STRMC) asked former patients to nominate exceptional nurses who exceeded expectations, the community responded.

The Patient Choice Award recognizes the quality care, comfort and compassion offered by the nurses at STRMC, and honors one nurse in particular. As part of National Nurse's Week, May 6-12 and Hospital Week Celebrations, May 9-15, **Susan Duncan, RN**, was presented with the award at a hospital-wide ceremony on Tuesday, May 11th.

STRMC asks former patients to spotlight an exceptional nurse because patients are the ones directly impacted by outstanding care.

“Sometimes it’s just too hard to spot one nurse when there are so many nurses in our hospital doing such an incredible job caring for our patients,” says Gerardo Flores, Chief Nursing Officer and Associate Chief Executive Office for STRMC. “That’s why we asked patients to help us make the choice. They see the little things that matter so much on a very personal level.”

Susan Duncan began her career at STRMC in April of 1998. Over the past twelve years, she has demonstrated compassionate care for her patients, respect for her colleagues and a dedication towards the community that she serves. STRMC congratulates Susan Duncan on her award and wishes all healthcare professionals a very happy Nurse’s and Hospital Week. For employment, visit the “Job Opportunities” section of the hospital’s website at www.strmc.com.
